## POLISH FORCES DRIVEN ACROSS RIVER BY REDS

Capture Of Over 1,000 Prisoners Claimed By Russians.

### FIGHTING IS VIOLENT

Bolshevik Turn Tide In Smashing Offensive On Front.

London, Sept. 4.—Capture of more than 1,000 Poles, the biggest bag of prisoners reported by Moscow since the Polish victories before Warsaw was reported by the Bolshevik war office today in its official communiqué received here by radio.

The Poles have been thrown back across the Bug river. There was violent fighting northwest of Brest-Litovsk, the statement says.

The Bolshevik forces beat off strong Polish attacks in the direction of Vladimir-Volynsky, where more than 1,000 prisoners were taken, according to the communiqué. Three hundred additional Poles were captured in repulsing strong Polish attacks against Lemberg.

The text of the statement follows: "There were combats northeast of Brest-Litovsk. We repulsed the enemy, throwing him back to the left bank of the Bug river, in the direction of Cholm."

"We defeated strong enemy attacks on Vladimir-Volynsky, taking more than 1,000 prisoners."

"We defeated strong counter attacks against Lemberg, taking 300 prisoners."

"Violent fighting is raging in the Crimea."

## CARBARNS AFIRE IN BROOKLYN; RIOTING BREAKS OUT AGAIN

Two Surface Cars Destroyed; Strike Breakers Attacked.

New York, Sept. 4.—Two surface cars were destroyed and four others badly damaged by fire in the Ridgewood car barns, Brooklyn early today, and 500 strikebreakers housed on the floor above the burning cars were forced to flee into the street where strike sympathizers attacked them. Firemen were hampered in putting out the fire and the police reserves were forced to fire many shots before order was restored.

The disturbance followed a meeting of 3,000 strikers at 3 a. m. when Federal Judge Julius Mayer's "surrender terms" to the strikers were hoisted down.

Officials of the Brooklyn Rapid Transit Company declared the fire was started by strike sympathizers.

When 15 police began to escort the strikebreakers from their quarters, strike sympathizers appeared as if by magic on top of adjacent buildings and began hurling bricks, torn from chimneys, at the strikebreakers.

Both policemen and their charges were injured by missiles. The police began firing into the air and their shots were answered by the attackers. No one was wounded by gunshot.

A hundred reserves from nearby police stations were rushed to the scene in automobiles and they quickly restored order.

## TRADE DEPARTMENT OPENED BY RUSSIA FOR U. S. RELATIONS

Will Seek Aid Of America and Great Britain.

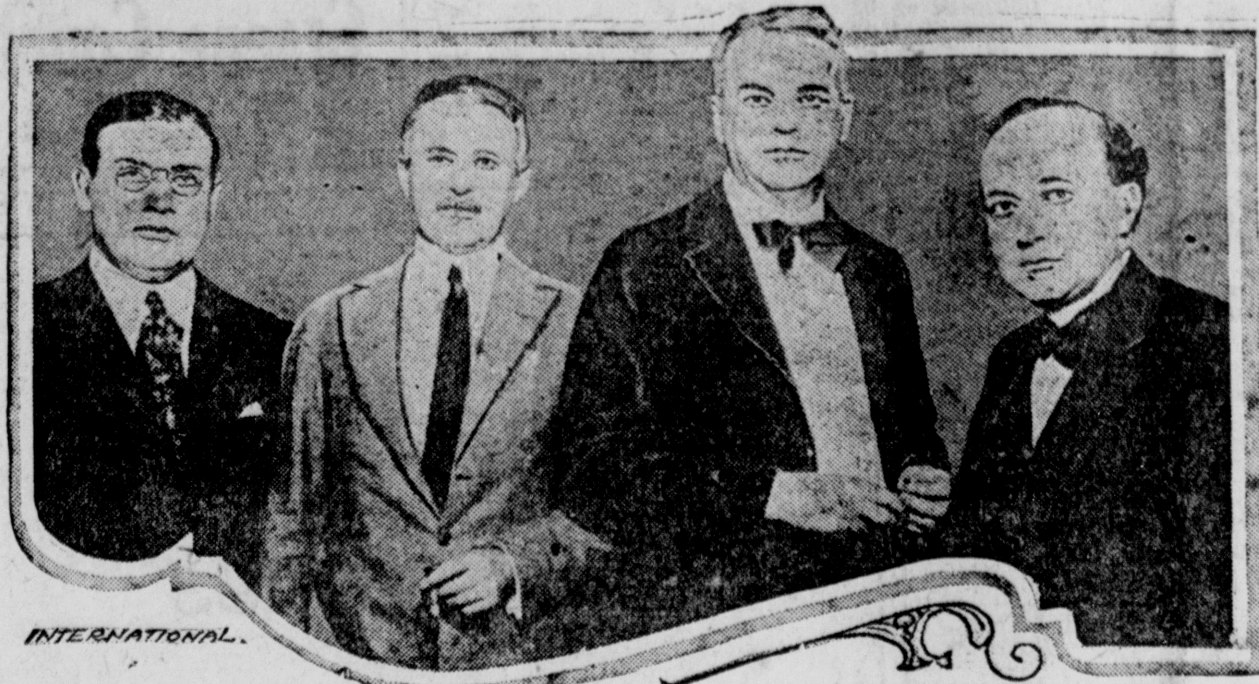

Berlin, Sept. 4.—Soviet Russia has opened a special government department for furtherance of trade relations with the United States and Great Britain, according to a Moscow wireless message. The message, sent over the official soviet radio, is signed "Louise Bryant."

(Louise Bryant is the wife of John Reed, former American newspaperman who last year was appointed soviet representative in the United States. Indicted in Chicago for alleged anarchistic activities, he fled to Russia, where both he and his wife are believed to hold responsible positions under the soviet regime.)

### STABBED IN HEART; LIVES

Columbus, Ohio, September 4.—William Boston, a negro, was stabbed twice through the heart by his wife. Several hours later he was taken to a hospital, where surgeons closed the stab wounds in his heart by taking two stitches. His condition today leads attending physicians to believe he will recover. In the meantime his wife Jessie is being held by police.

## PLOT TO TERRIFY WEALTHY MEN ALLEGED; SEVEN UNDER ARREST

Man Trapped By Detective Through Agency Of Red-Flare Contrivance After Threatening Letter Had Been Received By Easterner.

Bridgeport, Conn., Sept. 4.—Arrest of seven men who, according to the authorities, intended to terrorize and blackmail wealthy citizens, is announced by the police as the result of their inquiry into a bomb explosion at the Acme Shear company's plant early Sunday morning.

The men under arrest are Luigi PUopoli, Pasquale Di Pasquale, his brother Albert, Joseph Capozziello, Rosario Di Proffo and his brother James, and Sabatino Dortezenio. Each is held on a technical charge of breach of the peace, under \$15,000 bond.

The police account covers the receipt by Dwight C. Wheeler, head of the Acme Shear company, on Aug. 11, of a letter demanding \$15,000, and on Aug. 28 of another demanding \$20,000. The money was to be placed at a designated spot and one of the men was trapped there. Arrest of the others soon followed.

Monday an expert gunsmith was put to work on the case. He fashioned a box-like contrivance containing a revolver with a hair trigger and a weight that when moved light-

ed a red flare. On Monday night several detectives placed the box in position and hid in the underbrush. After midnight a man approached and tried to move the box.

There was an explosion and the flare lighted. An officer pressed a gun against the man's body and he surrendered. Going to his home, the police say, they found paper similar to that used in the Wheeler letters. The police say that two of the men under arrest made the bomb which was exploded Sunday morning.

## COX IN WISCONSIN TO DISCUSS LEAGUE TO STATE VOTERS

Two Speeches Scheduled For Saturday In Milwaukee.

Enroute with Governor Cox, Chicago Sept. 4.—Apparently none the worse for wear after sixteen speeches he delivered in Michigan yesterday, presidential candidate, entered Wisconsin today ready to throw his full strength into the fight to win that anti-league stronghold to the cause of the league of nations.

Two speeches were scheduled for Milwaukee one in the afternoon and another in the evening but it is possible that the governor will be persuaded to add to this number.

Though recognizing that a strong prejudice against ratification of the league covenant exists in Wisconsin, Cox is prepared to meet this opposition with argument which he believes will prove very effective. He will in no way attempt to avoid the issue for he believes practically all the apparent opposition to the league among the rank and file of the voters is based either upon a misunderstanding of the terms of the covenant or disgust with the prolonged and complicated discussion with which it has been surrounded.

## FUTURE OF WESTERN EUROPE MAY REST ON IMPORTANT MEET

Eyes Of British Diplomats Fixed On Lloyd George.

London, Sept. 4.—The eyes of British diplomats are fixed intently upon Premier Lloyd George in speculation as to what he will do at the forthcoming conference between the French and Italian premiers at Aix Les Bains.

There is no definite information in official circles, the Daily Telegraph points out, whether the British Premier will or will not join Millerand and Signor Giolitti. Yet upon that conference in the ancient little town is believed to depend the future constellation of Europe's eastern powers, while the fate of the league of nations as crated at Versailles is likewise heavily involved.

### Illinois Miners Idle

Springfield, Ill., Sept. 4.—Forty coal mines are idle, according to reports here. Miners are grieving over a recent award to day men which increased the scale to \$7.50 per day, but eliminated bonuses.

## GREENE COUNTY HAS 371 AUTOS

There were 3,371 automobiles owned in Greene county, last April 11, according to the returns made to the county auditor by assessors, and shown on the abstract of personal property recently prepared.

The value of the Greene county cars is \$1,395,375.

Xenians own 705 cars, valued at \$332,335.

Residents of the villages in the county speed around in 558 machines the value of which is \$243,859.

People living in the townships outside the towns own 2,107 cars, on which there is a valuation of \$819,179.

## COAL INDUSTRY AT STANDSTILL AS MEN STRIKE

Approach Of Labor Day Adds To Vacation Feeling.

150 COLLIERIES IDLE  
"Back To Mines" Rush Expected To Come Wednesday.

Wilkesbarre, Pa., Sept. 4.—The anthracite industry was virtually at a standstill today, the insurgent "vacation" not having gained ground, but the week end and the approach of Labor Day giving the mine workers a real vacation feeling.

Early reports show that 150 collieries were idle today and about 137,000 men in idleness. The tie up will be general over Labor Day, and probably on Tuesday, mine workers seldom responding for work after a holiday.

The backbone of the strike is likely to be broken Wednesday when union leaders and operators look for a "back to the mines" rush.

Union leaders are preparing for mass meetings on a large scale. Labor day meetings will be held in great numbers and missionaries will be sent out urging the men to remain loyal to their organization and return to work.

## OHIO STATE FAIR BREAKS PRECEDENT

Columbus, Sept. 4.—For the first time in its history, the Ohio fair today is running through its sixth day.

This is children's day. The national casting tournament, auto races, a field and track meet and an afternoon horse show numbers among the attractions.

Children under 14 years of age were admitted free today.

The prediction that Ohio "always will have a six day fair hereafter" was made by E. V. Walborn, state fair manager.

## HOME INDUSTRY URGED BY MANY

Marietta, Ohio, Sept. 4.—Marietta moonshiners are to be urged to patronize home industry. Heretofore they have made their financial contributions to the cause of good government through the federal courts because Marietta has no dry law. Mayor Sprague and city council has decided that the municipal court is more deserving than the federal courts and needs the money. City solicitor Ward has been instructed to draw up a prohibition ordinance.

### Snip Carpenters Strike

Point Pleasant, W. Va., Sept. 4.—All ship carpenters and caulkers employed at the marine dry dock plants here went on strike for higher wages. The plants were forced to close.

## OHIO COAL NEEDS WILL BE SUPPLIED ASSURANCE GIVEN

Shipment Of 4,000 Cars Daily To Northeast To Be Continued.

### CONFERENCE ENDS

National Coal Association Agrees To Supply Ohio.

Cleveland, Sept. 4.—Ohio's domestic coal needs will be supplied, but the shipment of 4,000 cars of fuel daily to the northwest will be continued until navigation closes. This in brief summarizes the decision of the conference held here at the suggestion of the interstate commerce commission which ended late yesterday, to pass upon the conflicting interests of the two sections.

The plan finally agreed upon was presented to the conferees by coal operators and accepted by representatives of northern Ohio cities and retailers of coal. Akron, Canton, Alliance, Warren, Youngstown, Elyria and other cities were represented.

Under the plan agreed upon the committee of the National Coal Association pledges itself to supply "sufficient coal for the needs of northeastern Ohio domestic consumers," the quantity needed being roughly estimated at 1,000 cars daily. This, it is said, by operators, will supply all domestic consumers until the closing of lake navigation, makes available a larger supply.

In order to carry out the terms of the agreement chambers of commerce or other civic organizations must organize in their respective communities to distribute the allotted supply given to any city.

No delegations were scheduled to call and the senator was up early and putting the finishing touches on his Labor speech, which he will deliver here on Monday at a local Labor Day celebration.

The speech on agriculture to be made at the Minnesota state fair on Wednesday has been completed.

Senator Seiden P. Spencer of Missouri is a guest of Senator Harding today. Senator Spencer brought the nominee a report on the political situation in Missouri and he with other Missourians has impressed upon Sen. Harding the need for him to make at least one speech to Republicans of that state during the campaign.

It is probable that Senator Harding during October will yield to these requests and speak at either St. Louis or Kansas City. The Republican campaign managers are anxious to have the candidate speak in most of the states where the senate fight is figured close, and Missouri comes in that category.

A marine band of 35 pieces, now on recruiting tour will serenade the Harding residence this afternoon.

## FOUR MILLION MEN INVOLVED IN STRIKES IN AMERICA IN 1919

Over 3,000 Walkouts In United States During Past Year.

Washington, Sept. 4.—According to the bureau of labor statistics there were 3,253 strikes and 121 lockouts throughout the United States in 1919, involving in all 4,125,507 persons. The bureau has kept tally on strikes since January, 1916. In 1916 there were 3,681 strikes and 108 lockouts; in 1917, the first year of our entrance into the war, 4,321 strikes and 126 lockouts; and in 1918 the number was 2,230 strikes and 105 lockouts. Although there were fewer strikes in 1919, the number of persons included was greatly in excess of other years. In Ohio there were 214 strikes in 1919 and 8 lockouts; in 1918 there were 276 strikes and 44 lockouts; in 1917 there were 265 strikes and 14 lockouts, and in 1916 there were 188 strikes and 9 lockouts.

## REQUESTS PROBE OF DAVIS' CAMPAIGN EXPENSES IN OHIO

Attorney Says Public Has Right To Know Facts In Case.

Columbus, O., Sept. 4.—"If Harry L. Davis, Republican nominee for governor and his friends spent only \$43,000, it is only fair that the public mind may be disabused of the notion that he spent more. And if he spent more, the public is entitled to know," said Attorney L. Benton Tussing, of this city, requesting Attorney General Price to conduct an investigation.

Tussing said that although Davis had organizations in many counties only a few counties, apparently, filed primary campaign expense statements with Secretary of State Smith.

"I would suggest that you ask the prosecuting attorneys to report to you in what counties he (Davis) had active organizations to disclose to you who were the county managers and to request them to file statements as required by law to the end that Ohio may know, as nearly as possible, the true amount spent," Tussing wrote the attorney general.

## FRAZER IN NEW STORE OPEN FOR BUSINESS

The C. S. Frazer shoe store, recently moved from its old location in the Schmidt building on East Main street, two doors west of the new location in the building purchased by Mr. Frazer, is open for business in the new room, recently remodeled in dark mahogany.

The room in the Schmidt building formerly occupied by Mr. Frazer will be occupied by the S. & S. Shoe store operated by L. H. Stiles and Harry "hothead" after October 1. It is announced by that firm. The store now occupies a room next to the Greene County Hardware store, where it first opened. New shelving will be built in the firm's new location and some needed improvements made in the period before their occupancy.

## HARDING IN INFORMAL TALK REPLIES TO COX CHARGES ON CAMPAIGN

Senator Tells Of His Idea Of Responsibilities Of Office To Group Of Marines; Scores Cox As Yielding To Petty Changes.

### MUST CONSTRUCT NOT ABUSE HE SAYS

America Wants Deeds Not Words Declares Nominee; Promises To Keep Close To American People if Elected.

Mason, O., Sept. 4.—To a band of United States marines who came to serenade his home today, Senator Warren G. Harding gave what can be considered his only answer to Democratic charges that the Republicans are seeking to "buy the presidency."

While mentioning no names, Senator Harding's short, informal talk to the soldiers was pointed in its reference to the charges and tactics of the Democratic opposition.

"I want to tell you," he said, "my idea of the responsibilities of a candidate for the highest office the people can bestow. As I see it, I owe to the men and women of American to guard against every pretense."

"As I see it, I must not, as I seek to gain votes for my party, yield to the temptation which often comes to men who are candidates, to make false appeals and appeals which, though they might be successful at the moment, do serve truth or do not meet the requirements of our national dignity."

"As I see it, I must not drag the attention of the American people into a more when it is their whole hearted desire that their attention should be centered upon the problems which we, all wish to face bravely and wisely and together."

"As I see it, I must concentrate my attention upon construction and not upon abuse."

"As I see it, I must be patient and tolerant with those Americans who may differ with me."

"As I see it, I must take a leadership which is firm but ever listening to the voice of the people and ever watchful to preserve our constitutional rights to representative government rather than government by propaganda and executive powers."

"Every citizen must realize that America wants deeds rather than words and that the proper solution of pressing problem is more important than appeal for momentary favor."

"As I see it, I must remember, as I have remembered today, to address myself to the whole American people and to keep close to my heart as well as to my head the interest of the whole American people."

"As I see it, if I were to stoop to insincerity, to mere clamor, to political expedience, to appeals to special classes, I would be failing in that purpose which I trust shall always be mine—not my own interest, not even the interests of my party first, but America first!"

## GREAT BRITAIN AND JAPAN NEGOTIATIONS INTEREST AMERICA

England Seeks Views Of United States On Matter.

Washington Sept. 4.—The United States is informally interested in the conversations between Great Britain and Japan looking toward the renewal of the Anglo-Japanese agreement, it was learned today.

Great Britain, it is understood, has in an entirely informal manner sought the views of the United States on the matter.

The interest of the United States in the matter centers largely on the term "special interests" in the proposed agreement it was learned. This term in the agreement, it is understood, Japan has held would establish for her a condition similar to that which operates for the United States under the Monroe doctrine, giving Japan paramount control in the orient.

## FEDERAL AUTHORITIES ROUND UP ALLEGED COAL PROFITEERS

Five Hundred Held On Charge Of Profiteering On Fuel.

Washington, Sept. 4.—Nearly five hundred alleged soft coal profiteers have been rounded up by federal district attorneys, in the department of justice's latest campaign to eliminate extortion and effect reduction in the retail price paid by the consumer, it was announced today.

This number including both cases in which indictments have been returned by grand juries and cases in which proof has been assembled ready for submission will be greatly increased within the next thirty days.

As evidence that the department is "getting somewhere" with its boast that the consumer will be given lower soft coal prices, officials said in the southern district of west Virginia alone, about 100 cases, involving illegal selling practices by operators and jobbers have been brought in the federal court. An equally large number of cases is expected to be shown in the northern district of West Virginia. The grand jury in the northern district begins its session on Sept. 13, at Martinsburg, W. Va., and a volume of proof is prepared ready for speedy action against violators.

# FAREWELL RECEPTION ATTENDED BY 200 AT CHURCH FRIDAY

Honoring Dr. J. H. Kyle, president of Xenia theological seminary, and J. H. Webster of the seminary faculty and their families, over two hundred persons gathered at the Second United Presbyterian church Friday night for the farewell reception arranged by the congregation. A regrettable feature of the occasion was the inability of Dr. Webster to be present. He is convalescing from a recent illness, and was not strong enough to attend the reception. Mrs. Webster and the Webster young ones were present. Although the Kyle and Webster families expect to continue making their homes in Xenia for a time after Dr. Kyle and Dr. Webster go to St. Louis to take up their work for Xenia seminary in its new location, the reception was planned for all the members of the two households. The people were received in the lecture room. Dr. and Mrs. C. P. Proudfoot and Dr. J. G. Carson, being in receiving line with Dr. and Mrs. Joseph Kyle and Mrs. J. H. Webster. Regret at the severance of association with Dr. Kyle and Dr. Webster was expressed by the families, when they take up their residence in St. Louis, was the theme of the addresses delivered last evening in the church auditorium. Judge Charles H. Kyle presided and thanks were given by D. W. Williams representing the session of the church; Dr. J. G. Carson as professor emeritus of the seminary; John Baintyne as president of the Young People's society; Mrs. Charles P. Proudfoot representing the women of the congregation; B. Dale White representing the West End branch of the congregation; David Kyle superintendent of the Sunday school and Dr. Proudfoot as pastor of the congregation. Dr. Kyle responded to the good wishes expressed by the people, for his family and Dr. Webster and the Webster family. A short musical program was then given. Mrs. Graham Bryson singing selections, "The Alice Blue gown," and "You'd Better Ask Me," Miss Margaret Moorehead played two piano numbers. Ice cream, cake and coffee were served by the women of the congregation in the dining room. Red dahlias, adonis and smilax were used in the decoration.

# MOTOR POLICEMEN SHOT IN DUEL

Toledo, O., Sept. 3.—Motor Policemen Walter F. Krutz is dying in a local hospital as a result of three wounds received early this morning in a gun duel with auto bandits. The banner in which Krutz was shot is hysterical. He was seen by residents firing at a fleeing automobile, but has not since regained consciousness to explain who he was pursuing.

# SUITS SAWING WOOD; STILL SAYS NOTHING.

London, Sept. 4.—The ex-kaiser has given up wood sawing and is relying on gentle walking to keep him fit, according to reports from Holland. He remains, however, a broken man, both in health and in spirits. It is added that the ex-kaiser may die at any moment. Her heart, always weak, has been much affected by events of the past two years.

# COL. WHITE VERY ILL.

Dayton, Sept. 4.—Colonel W. J. White, governor of the Soldiers' Home, is critically ill at his residence and physicians say there is little hope for his recovery. Colonel White's illness is a recurrence of a heart attack which he had about a year ago.

## PLATOON SYSTEM.

The condemned school buildings in Xenia, and the financial condition of the board of education presents a problem to the superintendent of schools and the board of education of housing the boys and girls for the school year of 1920 and 1921. The following plan is not wholly satisfactory yet under existing circumstances, to operate the schools this year and house the 420 boys and girls of the East Schools and to give them the same course of study, the platoon system will be used, from the fourth year through the 12th year.

According to the plan adopted by the superintendent and board of education, the school day in the senior and junior high will begin at 7 a. m., and close at 12:10 p. m. On Tuesday of each week the Junior high will return for music from 1:10 to 2:30 p. m., the Senior high will return on Wednesday of each week from 1:10 to 2:10 p. m. The grades will begin at 12:20 p. m., and close at 4:50 p. m.

All senior and junior high school pupils will report at Lincoln building Tuesday morning at 7 a. m.

The pupils of the first three grades will have the same hours as in previous years, and will report Tuesday morning at 8 a. m.

All pupils of the 4th, 5th and 6th year grades will report Tuesday at 12:20 p. m. Mrs. Fred Cosby was hostess of a motor party to the Soldiers Home at Dayton Thursday. It was given in honor of Mrs. Pierce, Washington D. C. and Mrs. Maud Hawkins DeWine formerly a Xenia girl but now of Chicago. Many of her friends will be delighted to know that she has had the honor for two and a half years of being the traveling maid to the noted Mollie King of the movies. Other members of the party were Misses Cudella Hunter, Beulah Underwood and Mrs. Charles Craig. After a dinner served by the hostess the party was invited to the home of Mr. and Mrs. Baker who delightfully entertained them with music and a bountiful supper was served. After enjoying many hospitalities of the day the party returned to Xenia.

Primary Class No. 1 of St. John's A. M. E. with their teacher Mrs. W. C. Johnson, picnicked at the home of Mrs. Simon Debro of East Main St. Thursday September 2. The little folks enjoyed the outing in a satisfactory way. The children brought well filled baskets and together with their pastor Rev. P. A. Nichols enjoyed a bounteous repast.

Mrs. Elizabeth Bowen of E. Main street entertained Thursday evening a few of her women friends at a shower in honor of Mrs. Bettie Smith who is to be united in marriage to Rev. Anderson Ballard of Jamestown September 8th. Many handsome presents were given by her friends and the evening was profitably spent by remarks from Mrs. Ewell, Baker, Bowen and Mr. C. Smith after which luncheon was served.

Class No. 1 Home Dept. of Zion Baptist S. S. will meet at the home of Mrs. Carrie Curt east Market street Sunday afternoon at 3 p. m. Mrs. Nellie Ellis will teach the lesson E. J. Ellison, visitor. The services at the Wesleyan church Sunday will be under the management of Mrs. Hattie Coleman the

# JOHNSTON TO MEET CANER OF BOSTON IN TENNIS SINGLES

Forest Hills, L. I., Sept. 4.—With William M. Johnston, the present champion meeting G. Colket Caner of Boston and William T. Tilden of Philadelphia, paired with Wallace F. Johnston also a Philadelphian, followers of tennis here were predicting today by last year's final match for the singles championship when Tilden and Johnston met, would be repeated this year.

There was no indication that Caner would be likely even to extend the champion. He has reached the semifinal round mainly because he was the best of a weak quarter of the draw. Johnston, on the other hand has eliminated some of the most brilliant players in the country. The final match will be played Monday.

# TAXI DRIVERS ARE FIRED FOR SPEEDING

On a charge of violating the state traffic laws by speeding on the highway, Harold Kelly and Raymond Howard, drivers of automobiles for the Wilmington-Xenia Auto Bus Company, were arrested by Sheriff Funderburg on the Wilmington pike near Xenia Saturday morning. The cars were making about 50 miles an hour at the time their drivers were arrested. In the court of Magistrate J. E. Jones, the two offenders entered pleas of guilty to the charge of speeding and were fined \$10 and costs each, amounting to about \$22 in each case.

**P. R. R. EMPLOYEES GET BACK WAGES**

Pennsylvania railroad employees in this city were given their back pay, according to the recently granted wage increases, from the time the raise was asked for last spring, Saturday.

The employees were paid by check the same as the regular pay roll is paid off. The back pay covers the last four months, and in some cases the difference amounts to quite a sum.

The announcement of a change in the time of yard masters has also been made in the local yards. The position of yard master, which has been held in two tricks, with Gene Smith working the day trick of 12 hrs and Milton Parks the night trick of 12 hours, has been divided into three tricks of eight hours. John Downs has been promoted to the position of yard master and will take the third trick.

**CONCLUDE WORK OF SUPPLYING MEDALS**

Captain Nihoff, of the army recruiting station at Cincinnati and Miss A. M. Lawler, army field clerk who have been located at the Chamber of Commerce taking soldiers applications for the army Victory Medal concluded their work here Saturday afternoon.

Next week the officers will go to Lebanon instead of Wilmington as they originally intended, and then will go to Washington C. H. Wilmington and Franklin. While in this city they took many applications for medals but unfortunately many failed to show up to put in their application for the decoration.

WOMANS PETITION FILED

Cleveland, Ohio September 4—Miss Florence Allen, Assistant County Prosecutor, became the first woman candidate for a local public office today when petitions were filed nominating her for a place on the bench of the Common Pleas Court. There were 2,000 signatures to her petition.

**STRIKING MOLDERS SENT BACK** Newark, Sept. 4—The 400 molders who quit their jobs Tuesday night at the Wehrle stove works returned to work when they were told by the International Labor Union officers who came here from Cincinnati that they would have to complete their contract, which they signed last January.

## COMMON PLEAS TO FURNISH ONLY RACE IN BENCH ELECTION

There will only be opposition for the common pleas bench in the judgeship race in Greene County, according to the intentions of candidacy filed during the term allowed, which expired Friday.

Judge J. Carl Marshall, present Probate judge, who filed his intention of running for the same office again will be without opposition, as no other candidate filed during the appointed time.

For the common pleas bench, Judge C. H. Kyle, incumbent, and Attorney R. L. Gowdy will furnish the race. Mr. Gowdy filed his intention early and went before the primary, which however is not necessary as the judgeship races are non-partisan. Judge Kyle, who has occupied the bench for several years, has filed his papers since that time and will be a candidate for re-election and a contestant for the bench against Mr. Gowdy.

## XENIA BRANCH OF R. & M. COMPANY TO EFFECT CHANGE

Made necessary by a complete re-adjustment program, which probably will require the manufacture of a different article at the local plant, Plant No. 4, of the Robbins & Myers Co., in this city shut down the department in which girls are employed Saturday.

During the two weeks in which the shut down will be effective, it is thought that plans will be worked out whereby a different article will be manufactured at the local plant possibly leading to making the Xenia plant a unit factory, manufacturing all parts of one certain type of motor. With the closing down of the girls' department of the local plant, twelve girls will be sent to Springfield during the two weeks of the shut down, starting Monday, to familiarize themselves with the different types of work done there. As only one kind of article was made by the girls at the local plant they have not become familiar with the number of different types of work for girls that is done by the factory. The twelve girls who will be given schooling in the Springfield plants will act as instructors upon their return to this city and will teach the local girls the new type of work. In the meantime, the demand for male labor at the local plant will increase. The new punch press building is fast nearing completion, and within sixty days skilled mechanics will be needed for this branch. The tool and die department is now running in full operation.

## BURIED UNDER TONS OF BRICK, MAN DIES

Columbus, Sept. 4.—Buried under tons of brick, Richard T. Curl, 45, local real estate man, was fatally hurt. The accident occurred when the west wall of a brick building being constructed in Gay street, just west of High, fell. Curl was coming out of his basement office in an adjoining building when the wall tumbled. He died a few minutes later while being taken to the hospital.

CHRIST EPISCOPAL CHURCH

The church will be reopened for services next Sunday morning prayer and Labor Day sermon at 11:30. Church School at 9:15. After the summer vacation in which the church has been closed it is earnestly hoped that there will be a good attendance at both the service and school. One and all are invited.

FIND STOLEN WOOL

Woburn, Mass., Sept. 4.—Local police have found five tons of wool hidden in bags in the woods of this vicinity, but they are still trying to find the owner.

**BEAUTY CHATS**

INEXPENSIVE PRETTINESS

It is an unfortunate fact about modern life that a great many of the prettiest and most desirable things are also the most expensive. Pretty is almost always more costly than homely ones, and pretty articles of furniture and decoration more expensive than cheap ones. But this is not absolute rule and the woman with good taste and a little ingenuity need not live with ugly clothes or an ugly home, no matter how poor she may be. One of the least expensive forms of beauty is flowers. Every home should have something that is green and growing in at least one of its rooms. This does not necessarily mean that you must have a standing order at the florists, for cut flowers—for this is an expensive way of bringing beauty in the home. Growing flowers and plants are quite as pretty and much more interesting than the costly bouquet of house flowers. No family is so poor that it cannot afford even one geranium plant—and geraniums are among the gayest and prettiest flowers we have and have the added advantage of being the hardiest. If you live in any part of the country where you can gather bayberries or the wonderful red and yellow bit, terweet, or American holly, or even the evergreen laurel, you can fill your house with bouquets that will last the whole winter. Or you can gather branches of the fragrant green pine which will give your rooms much the effect of having flowers in them. And when the first cool weather turns the leaves you can make your house a bower of beauty

## DIES AFTER TWO YEARS' ILLNESS

After two years of suffering from complications of diseases, death came to the relief of Mrs. Walter Ferguson at 10:45 o'clock Friday night. Funeral services will be held Monday Sept. 6, at 2 o'clock in the afternoon at the Second United Presbyterian church.

## BALLOTS IN MAIL FOR C. OF C. ELECTION

The election committee of the Xenia Chamber of Commerce approved by the election policies and prepared plans for handling the primary at a meeting held Friday evening.

The primary ballots, with a roster of the membership and instructions, were put in the mails Saturday afternoon and will reach all members of the organizations the first of next week.

The election committee decided to stamp the return envelopes sent with the primary ballots so that members in voting can drop the return in a letter box and it will reach the Chamber of Commerce before the voting time closes Thursday evening at six o'clock.

Thursday evening the election committee will count the ballots and members of the organization are invited to watch the count, if they care to. Twelve names will be voted on in the primary, the twelve people receiving the highest number of votes securing the nomination. These twelve names will be sent out later and six will be selected from them at the regular election to fill the vacancies to exist with the losing of office of the six directors elected for the one year term last fall.

## AUTO BANDITS SHOT BY TWO DETECTIVES IN REVOLVER DUEL

Toledo, O., Sept. 4.—Two auto bandits are in a local hospital in a serious condition as a result of a gun battle between two men and two detectives late last night. The men are William Ward and Theodore Hartman, both of Toledo. Neither of the detectives were injured during the fusillade which followed an attempt by the officers to arrest the two, said to be occupying a stolen automobile.

The alleged bandits opened fire when approached by the officers. Police claim that both men are suspected of perpetrating numerous hold ups on the highways of the city recently. Ward is not expected to live.

## WOMEN WILL NOT HAVE TO TELL AGES; USE SAME POLLS

Xenia women have the advantage over those of the feminine sex living in large cities, in more ways than one, it has been determined with the passage of equal suffrage.

At the November election here, when women will cast their vote for county, state and national offices, the Xenia women will not have to give their ages but merely signify that they are over 21 years of age.

In cities larger than Xenia, where voters have to register before they are given permission to vote, the women voters will find it necessary to tell their exact ages or not vote, which is probably what a few of them will do rather than to disclose their life secret.

However, in cities the size of Xenia and smaller, where no registration is necessary, it is not necessary for voters to give their ages, and the women voters in Xenia this fall will escape this humiliation, if such they think it is.

No new polling places will be added in Xenia before the regular November election, according to J. M. Fletcher, chief of the county election board. Instead the election at that time will be the determining factor as to whether the additional number of voters will necessitate the establishment of new and extra voting places.

SEIZE WHISKY CASES.

Cincinnati, O., Sept. 4.—Federal prohibition agents and detectives seized 176 cases of whiskey loaded on a truck in a garage on West Court street. A man who said he owned the truck claimed to know nothing about its contents, but that he had rented the truck to several men to haul whiskey to New York City.

## HOW FRENCH STRATEGY AND HELP TURNED THE TIDE FOR POLAND.

Seldom in history has a change come in an international situation so swiftly as that brought by the victory of the Poles over the Russians.

Three weeks ago there lowered over eastern Europe a feeling of depression unequalled since the darkest days of the war. Poland was all but submerged by the Red tide, and Germany was apparently waiting to welcome it. Labor in nearly every country from which Poland might expect help had given notice that no help should be forthcoming. It was increasingly difficult to move munitions by either land or sea, and each attempt brought protests from labor and threats of a general strike.

Worse still, there was no agreement among the Allies as to policy. Great Britain and France were in complete discord and the world for the moment hung in the balance.

Then came word that the tide was turning and that there was great hope of a smashing victory. Premier Millerand had sent General Weygand, with several hundred French officers, to Poland to direct the military operations, and this great strategist justified the faith his government had in him. The opposing forces were flung back and General Weygand, concentrating the Polish army, went through the Russian lines without difficulty and by a rapid developing movement captured or destroyed the larger part of the Soviet troops.

It is said that General Weygand pays a fine tribute to the Poles as soldiers, ranking them among the best troops in Europe. The Poles feel, and with reason, that they are the defenders of civilization, and being such are entitled to more material and moral assistance than they have yet got.

## A SIMPLE METHOD BRINGS RELIEF FOR HAY FEVER SUFFERERS.

Some of our friends have had to go to Michigan annually, at this season of the year, to get relief from that aggravating disease Hay Fever. One who used to suffer very severely, has used the following method for many years, obtaining almost complete relief and without the slightest danger of any of the after effects from the strong drugs often used. A friend who formerly had to give up his practice of dentistry during that season has obtained complete relief since he used this same treatment.

It consists, briefly, in applying heat, as hot as one can bear it without pain, to the internal passages of the nose for a prolonged time of about ten to fifteen minutes. For a short time of perhaps an hour a slight irritation from the treatment may be felt; but thereafter the patient will find almost complete relief for from one to three days, depending on the severity of the disease and the thoroughness of the treatment. The surest way is to take the treatment every morning during the height of the season (the last week in August and the first week or two in September.) The action seems to be to excite the blood to reduce the inflammation in the nasal passages.

The most convenient way to apply the heat, and with the least irritation, is to flow one or two quarts of hot water through the nasal passages by letting it run into one nostril and out of the other for about ten to fifteen minutes, during which time the temperature may be increased without inconvenience until it is even hotter than can be borne by the fingers. A convenient way is to use a rubber bag with a tube at the bottom and hang it at about the height of the head. At the end of the tube there should be a glass tube shaped to fit one of the nostrils. They can be purchased at any good drug store.

## IT'LL BE A FIGHT TO THE FINISH BETWEEN THE PRESIDENTIAL GLADIATORS FOR THE NATION'S PEACE POLICY

## MEASURE OF MAN'S INTELLIGENCE IS ABILITY TO THINK IN LARGE TERMS SAYS SPEAKER

The measure of a man's citizenship is his ability to think in large terms. If you can think in terms of the county, you are a larger citizen than if you can only think of Xenia. You are larger still if you can think in terms of the state, country or the world," declared J. F. Marsh in his address on "The Rural School" at the closing session of the Greene county teachers' institute, Friday.

Mr. Marsh then described an ideal rural community which he was supposed to have seen, telling his audience finally that it was merely a picture of his imagination. It had the effect of inspiring rural teachers to desire to create such conditions in their respective fields of service.

After a reading by Miss Simms of Springfield, the president of the association called on Superintendent Reynolds for a parting speech as he is soon to leave the county.

Mr. Reynolds responded telling of his fourteen years of service in Greene county in which time he has made addresses in every school and every opera house in the county. Mr. Reynolds made the statement that this year twenty percent of the teachers in the county are new. "It is well that we have some older teachers to stand out as guide posts," he said. Mr. Reynolds goes to the schools of St. Bernard, eight miles from Cincinnati.

President Dawson of Antioch spoke after recess on "Training for Life." Dr. Dawson said "A child who has gone through public school is worth \$20,000 more to his country than one who is not educated. If this be true, it proves that schools co-ordinate with life, in spite of statements to the contrary."

"Three requisites," said Dr. Dawson, "are indispensable to a trained life—common honesty, training of skill and co-operation. Culture is the ability to see beyond your job and to live in accordance with that vision."

L. D. Parker of Cedarville read the report of the committee on Resolutions which report was adopted. Besides expressing appreciation and thanks to various contributing elements to the success of the institute, the teachers went on record as favoring the setting apart of 50c of each membership fee of the association for the purpose of making the teachers of Greene County and Xenia City members of the State Teachers' association.

Miss Lillian Conner of Dayton, teacher of music in Osborn schools sang a beautiful solo which received a hearty encore.

The report of the auditing committee was then presented and accepted. President Dawson delivered the closing address of the institute, speaking on the religious side of education. Four points, with reference to the Great Teacher were discussed: 1. Sense of God. 2. Love of truth. 3. Love of man. 4. Faith in the undying nature of the Soul.

**HEAR HARDING SPEECHES**

## MARKET AND FINANCIAL NEWS

### STOCKS

Traders express some difference of opinion as to the investment outlook. High grade rails unquestionably show improvement, following the rate award, and the accumulation of other reliable securities, put out by companies that are well entrenched against business difficulties, may have begun on a fair scale. Leading brokers see no prospect of definite and permanent improvement in speculative conditions, however, pending further readjustments, and liquidation in the business world. No bull market is probable until after the election if then. Sufficient money for an upward movement is not available. There is no overabundance of call money despite easy rates. A few months of dullness and uncertainty marketwise are in prospect. Labor trouble may figure as an adverse influence.

### GRAIN

The wheat movement has been slow as producers are in a holding mood. Farmers show a disposition to store their grain after getting enough to pay harvest and other immediate expenses. The corn movement is expected to increase during the next 30 days with the new crop nearing maturity. A drop in prices of the yellow grain might check the movement. In all probability wheat will maintain a fair level, judged by other commodity prices, stocks at terminal markets, and traffic conditions. Export orders are a strong sustaining influence. Corn, rye and barley may be somewhat lower. The car shortage will continue relieved by the increasing mileage per day and the modification of water rates East via the Great Lakes.

### LIVESTOCK

Livestock markets seem due for a gradual upturn over the next six months or year. The shortage of production due to low prices, financial stringency, and other factors is no myth, judging from statistics. Receipts are less than last year notwithstanding forced liquidation. The movement of stocker cattle and sheep to the country is reputed the smallest in years. Corn fed cattle are still at a premium. Grassers will arrive freely during the next few months; Range stock is making its appearance. Quality of grass fed stuff is none too good. The corn crop promises cheaper feed this winter and feeder demand has improved.

### AGRICULTURE

Steps taken to facilitate the movement of grain eastward across the Great Lakes should help materially to offset the car scarcity. The usefulness of systematic transportation by water to the farmer is seemingly about to receive striking demonstration. Lake and rail rates from the West will be approximately three cents less per hundred pounds than all-rail rates. Water carriage will eliminate long haul of empty grain cars from seaboard. Both grain shippers and the railroads joined in making application for the rate differential. The increase in rates recently accorded the lake carriers will prevent any damaging loss of traffic to the railroads through too great a discrepancy between the rates.

The importance of export demand in determining the price of wheat can hardly be overestimated. Last winter market critics disapproved as to the probable volume of export demand, but thus far it has come up to expectations. Wheat and flour exports from United States and Canada for the week ending August 26 aggregated 10,565,000 bushels, as compared with 8,939,000 bushels the week previous and 8,448,000 bushels a year ago on this date. For the eight weeks ending August 26 export totalled 75,996,000 bushels, against 51,952,000 bushels in the corresponding period last year. Sir George Paish, the English economist, declares that Europe will need all of this seasons crop that America can send. While export demand continues brisk, no profound reaction in prices is possible.

The new wheat movement is rather slow this year and Kansas country elevators are full of wheat. The car shortage is in part responsible, but the farmers do not like a debacle in the price of wheat like that which occurred a few weeks ago, believing it to result from manipulation rather than from pressure of supply. The storage problem is becoming more and more acute.

## Is It Yours

SARAH POLK  
September 4, 1803

The wife of President James Polk was one of the most beautiful and best loved of all the ladies who have ruled the White House. She was born in Tennessee, received the amount of education considered proper for feminine minds in those days and at 19 married James Polk, an active young lawyer of her own town of Murfreesboro. The very next year Polk was sent to Congress. So from the beginning Sarah Polk was trained as the wife of a public man.

She was really an extraordinarily intelligent woman and kept herself up in public affairs. Yet so strong was the feeling against a woman having any intelligence, that she never showed any of her knowledge in public, because, as she naively confessed once, "it annoyed men so much."

Polk was elected governor and then President. Sarah Polk was 42 when she became the First Lady of the Land. She had thick black hair without any gray in it, fine large dark eyes and an olive skin, and she was very handsome and dignified. She refused to allow dancing in the White House because she considered it undecorous.

After the President's term was up, they retired to Nashville and shortly afterwards he died. Sarah Polk survived him for a long time. As she had no children, she adopted a niece who with her husband and family made the last day of her life happy.

## MILD SEPTEMBER.

When fair September's at the gate, a lot of troubles pull their freight. "At last," we sigh, "we may expect a climate soothing and correct; so let the timbrel and the lyre be sounded, though we still perspire; let joyful music echoes wake, e'en though we sizzle, fry and bake." September, month of queenly charm, too often proves a false alarm. She can be hotter than July, and August, too, and not half try. But we forget the breaks she's made, when she, in Autumn leaves arrayed, comes, promising an early frost, and coolness, heedless of the cost. We're glad to take her at her word, and say she is a peach, a bird, for we're so sick of summer heat, with pavements melting in the street, of torrid days and burning nights, and weeping wails of weary wights! September seems to herald Fall, and Fall's a boon to one and all, when there's a chill in every breeze, and we've a decent chance to freeze and catch bad colds and have the flu and all the ills that ever grow. Our furnaces we soon must stoke, and get our greatcoats out of soak and ask the coal man if he'll wait six months for payment for his slate. September stirs up thoughts like this; what wonder if we're filled with bliss?

## SERIES OF GAMES WILL DECIDE QUOT CLUB CHAMPIONSHIP

With the championship of the Xenia Quoit Club, through the elimination contest, still undecided, a series of games between two picked divisions of the club will be begun at the local grounds Monday, with the object of more quickly and effectively arriving at the championship.

Gene Engel, of Bellbrook and H. L. Sayre of this city, are the two contenders left undefeated so far in the elimination tournament and it has been impossible so far to get these players together in order that a deciding match could be played.

It is expected that the new system started Monday will quickly decide the championship. The divisions of the club will be called the Seniors and Juniors with twelve men on each side. It is planned to have each man on each team play a series of three games with each man on opposite team, the player who wins the largest percentage of games, then being acclaimed champion by this method. The play will start on the grounds here Labor Day morning at nine o'clock and continue until concluded in order to make the playing fair, the first pitch from each will be alternated, rather than permitting the winner of the points to pitch first, which will enable each participant to have as many first pitches as the other.

There will be a picnic of all members of the Quoit Club and their families at the grounds at five o'clock Labor Day evening, and there will be games and amusements for those who do not care to play quoits.

The members of the two competing divisions in the Monday tournament are: Seniors—H. L. Sayre, J. H. Joes, J. B. Smith, M. A. Smith C. C. Henrie, Eugene Engle, James DeVoe, James Watkins A. Olesbee, Roy Ary, J. W. Shadrach and W. L. Bean; Juniors—W. M. Smith, Judge J. C. Marshall, L. Anderson, W. O. Dawnes, John McConnell Wm Harper, C. S. McDaniel, O. C. Custer, T. D. Kyle and M. Sutton.

## SUSPEND LICENSES

Cincinnati, O., Sept. 4.—Judge Samuel W. Bell fined and suspended driving licenses of two men for running autos while the drivers were intoxicated. Assistant Municipal Court Prosecutor Pichel declared that more intoxicated men were running cars now than before the law became operative.

## KILLED IN AUTO SMASH.

Newark, O., Sept. 4.—Ada M. Samolio, 20, was killed in an auto smash, 20, was seriously injured when the automobile in which they were riding at high speed crashed head on into a machine driven by Howard Stare. The latter escaped injury. Both machines were wrecked.

## "X" ASSOCIATION TO HOLD BIG BANQUET

Members of the Central High School "X" Association, an organization of athletic letter men, Alumni of the school will get together at a banquet at which members of this season's football team will be guests, it was decided at a meeting of the Association held at the Chamber of Commerce Friday evening.

It was decided that President James D. Adair shall appoint a banquet committee to complete arrangements for the affair which it is planned, will be held at the Chamber of Commerce shortly before the football eleven of this year plays its initial game of the season.

It is hoped at this banquet, to bring the present wearers of the blue and white and the Alumni who were athletic stars of other days closer together, and to create a spirit of harmony and co-operation that will assist the school through the present athletic crisis it is facing. It is believed that the Association, organized for that purpose, can give the athletic teams of Central High much aid and support, and plans by which to carry this intent, will be decided upon at the banquet meeting. Permanent officers will also probably be elected to that time.
